Indians of Southern Utah Violating Pledge Given to Gen. Scott.

Santa Fe, N. M., May 31.—The renegade Piutes of southern Utah are violating their promise to Gen. Scott to remain inside the reservation, and are roaming over the country and making threats against the white inhabitants, according to A. H. Spencer, of the Mexican Hat, Utah, trading post.

The parole agreement provided that if the Indians left the reservation the state authorities would have power to return them forcibly.

"There is sweet music here that softer falls Than petals from blown roses on the grass."

Of all musical instruments the piano, perhaps, comes closest to sheer magic in music. And of all pianos certainly the

Chickering intrudes least upon that magical effect with its own mechanical personality. For it is, in truth, the very perfection of the Chickering's mechanism to permit its own complete effacement.

GERMANY SINKS MANY VESSELS

Submarines Reap Grim Harvest While the Kaiser Delays Answer to U. S.

London, Eng., May 31.—German submarines have been unusually busy while the German foreign office was engaged in the preparation of its answer to the Washington note on the Lusitania incident. The last few days it is pointed out in London, provides them with a heavy bag of big merchant ships. These include the steamer Ethiope, 2100 tons, and the Tolochev, 2500 tons, which were sunk by submarines Friday in the approaches of the English channel.

On Saturday the British steamer Blug Bay, belonging to the Holt line, was attacked twice by German submarines within the space of five hours, but she succeeded in escaping into Plymouth. Another victim was the steamer Glenlee of 4000 tons which was sunk somewhere between the British and French coasts.

Three in North Sea.
In the North sea a German submarine sent the Russian ship Mar to the bottom a few days ago and the losses of the British steamers Spennymoor and Cadeby also have been reported. Within the space of three days six ships of considerable size have been sent to the bottom by German submarines and six lives have been lost.

French Take Trophies.
The hull along the western Belgian front has been broken by the French, who claim to have taken a group of German trenches in the Fikelm region and to have made good progress north of Arras. With British cooperation they appear to have made slight progress north of La Bassée.

Clim French Attack Fails.
At the German war office in Berlin today the following statement was given out:
"Western theater of war: The French attempted Sunday north of Arras and in the forest of LePestre, to break through our front with strong forces. At Arras the enemy worked forward night before last by means of sappers. An attack on our lines on the Neuville-Rollin front was expected, since the attempt of the enemy to force us out of our position further north had failed. This attack was made Sunday afternoon after several hours of artillery preparation. Owing to the bravery of the Bavarian and Raine regiments the attack ended in complete defeat for the enemy. His losses were extremely high.

"In the forest of LePestre, the only success gained by the French was the penetration of a few advanced trenches which were weakly defended. Otherwise the enemy's attack at this point failed.

"At Ostend (Belgium) a coast battery shot down an enemy aviator.

"The railway viaduct of Dammerkirch was again destroyed Sunday by our artillery with a few shots. The French succeeded only a few days ago in making it ready for use after months of labor.

"Eastern theater of war: Nothing of importance has occurred. "Southeastern theater of war: During the battles for Przemysl, German troops pushed forward towards the north eastern front."

The War At a Glance

RUSSIAN resistance to the Austro-German advance in Galicia apparently is stiffening following the recent victory of the Russian at Sienawa, in central Galicia on the San. It is announced in Petrograd that the right bank of the river has been cleared for a considerable distance of the Austro-German forces which succeeded in crossing it, 2000 prisoners being captured in one day. So far as has been disclosed, however, the Russians have not succeeded in halting the movement for the investment of Przemyśl.

Battle Invasion Stopped.
In the Baltic provinces the invading Germans are said to have been pressed back, losing guns and prisoners. The Russian war office acknowledges a retreat near the Dubysa river but asserts German attempts to cross the river failed.

Turks Capture Positions.
An official announcement from Constantinople says the French and British attempted in vain to recapture the positions in their center, said to have been taken by the Turks.

Allies Gain in France.
In France gains for the allies are reported near the French in Le Pretre forest and in Alsace.

Shoes From U. S. Cost \$90; Villa Will Start Factory

St. Louis, Mo., May 31.—Three representatives of the Villa government of Mexico are here today to purchase machinery for a shoe factory which they said is to be built and maintained by Gen. Villa at his capital, Chihuahua city.

The erection of a shoe factory has become necessary, one of the party said, because the Villa money has a purchasing power of only a few cents on the dollar in the United States. A pair of three dollar shoes, he said, costs the Villa government 150 of Mexican money.

The Mexicans said they had been authorized to spend \$15,000 for shoe machinery.

PRESIDENT WILSON AROUSES PEOPLE TO ENTHUSIASM

Washington, D. C., May 31.—President Wilson aroused a large audience at Memorial day exercises at Arlington national cemetery to a high pitch of enthusiasm today by applying lessons of the civil war to present day excitement.

"Let us think of our duty and the actions that lie before us," said the president.

The president avoided any direct reference to the present international crisis. When he arose to speak the entire crowd stood up and clapped for several minutes. Just before the president's address, bishop Cranston of Washington, prayed that the president be given divine guidance in the "most delicate crisis in the history of the world" and John McElroy of the department of the Potomac Grand Army of the Republic, said the president could be trusted to guide the country at the present time.

WIFE ASKED FOR FRANK

Prison Board Listens To Earnest Plea To Save Atlanta Man.

(Continued From Page One.)
and while he dressed the front door bell rang, and I slipped on a bath robe and went down stairs to answer the door.

When I opened the door, Booth Rogers and John Black were there. I asked them what was the matter and they said some one had been killed in the factory and they then told me what they knew about it.

Wife Asked For Coffee.
"After a minute or two minutes my husband came down and joined us at the front door. They asked him if he knew Mary Phagan and he told them he did not. They then asked him if a little girl had not come to the office to get her money the preceding day and he said that he did remember such a girl, but did not know her name. They then told him to come with them right away to the factory. They asked him to let him have his breakfast first, but they refused. I then asked if they would not let him have at least a cup of coffee. It was I and not he who asked for the coffee.

McKnight Affidavit False.
"In the affidavit reported to have been made by Minnie McKnight, the statement that I ever told my mother that my husband did not rest well that night, that he was drunk and that he made me sleep on the floor and all the rest of it, is absolutely false in every particular."

TODAY'S AMUSEMENTS

"THE MOON AND THE FLAME"
Few stories have such dramatic power as the kind which pictures a woman blindly in love with a man of shady morals. In "The Moon and the Flame" this theme is the foundation of Clyde Fitch's drama, which was so successful on the stage and is considered one of his best plays. The human interest qualities in the story which grow with ever-increasing rapidity as the plot develops, are the most sympathetically powerful variety imaginable. The climax, which caps the greater part of the action, is extremely forceful.

The man is about to be married to the girl, the minister has uttered the conventional words to determine if there is any one among the witnesses to offer an objection to the union, when the other woman announces her presence and upholds her statement by the man's confused anger, and with her little boy.

This Paramount production is a very fine offering and is Sidney Olcott's first picture done for the Famous Players. "The Moon and the Flame" is to be seen at the Alhambra today only.

Tomorrow Francis Bushman and Beverly Rayne will be seen in "Graustark," the second of the V-L-S-E combination. —Advertisement.

WHAT A KISS DID.

A man forgets himself for a moment and kissed the woman his best friend loved and care for the world. It was his life. But this too only one of the many big incidents in "Strathmore," Ouida's celebrated novel, now into a "Mutual Masterpicture," which is the special attraction at the Grecian today. It is one of the most gripping plays you ever saw on the screen, beautifully staged, featuring the celebrated romantic actor Chas. Clary, who played the part of Morton, the artist, in "The Man's Franchise." He is supported by a powerful cast. "Strathmore" is an intense drama of passion, revenge, ambition and, regrettably, heart-breaking sentiment. Action and in fact it is an early showing of the hour. There will be no advance in prices. —Advertisement.

THE UNIQUE.

"The Great Vengeance," the 11th episode of the "Black Box" series, and an excellent comedy entitled "Bugs and Clubs," will be the program today. The "Black Box" pictures are becoming very popular, as they are something different, with scenes that are various and unique.

Tomorrow "The Purple Iris," a gorgeous oriental picture in two parts, with Princess Hassan, professionally known as Ola Humphrey, playing the lead, assisted by Edward Simon, Edna Maison and Wm. Dowling will be the feature of the program. This is a magnificent production and you don't want to miss it. —Advertisement.

SOCIETY DRAMA AT THE BIJOU.

The offering at the Bijou today is a three-part Kaleid scope drama, "The Black Ring," a very entertaining picture, featuring Tom Moore and Marguerita Courtot. The acting and the personalities of the picture are delightful and as a whole it is very acceptable.

Wednesday and Thursday will be offered the feature of the week in El Paso movies, David Belasco's greatest play, "The Girl I Left Behind Me," produced by Charles Frohman at the Empire theater, New York city. —Adv.
